TWENTIETH ANNIVERSARY

• BULBS FOR FALL PLANTING •

Last year my King Alfred Bulbs were simply gorgeous, so large and true. And they came from your gardens.

Mrs. R., San Mateo, Calif.

The King Alfred narcissi, jumbo size, are perfect, we have never seen anything quite so large in the narcissi or daffodils. The jonquils are good, too. We will recommend Conley's to our friends as the best place to buy bulbs.

Mrs. D. M. B., Toledo, Ohio.

Giant Golden TRUMPET

ALL YELLOW DAFFODILS

AEROLITE. This beautifully shaped flower of soft medium yellow is one of the outstanding varieties for garden decoration. It has good stems and the flowers are long lasting. Medium early. 3 for 55c, 12 for \$2.00.

DAWSON CITY. An all golden yellow daffodil that is increasing rapidly in popularity. It is large enough for most purposes and the form is excellent. Splendid for exhibition and a charming flower for garden decoration and cutting. Each 25c, 3 for 65c, 12 for \$2.40.

DIOTIMA. A daffodil of giant size but well proportioned—lacking the coarseness of some of the extra large varieties. It is in such great demand that there has never been sufficient stocks available. The somewhat star-shaped perianth (5 to 6 inches across) is deep primrose. The trumpet is golden yellow. Each 60c, 3 for \$1.55, 12 for \$6.00.

GOLDEN HARVEST. A new giant daffodil that we believe is going to capture some of the popularity from King Alfred as soon as it becomes better known. It is earlier and larger than King Alfred but does not have as strong a stem. The flower is well formed and has good daffodil color—deep golden yellow. 3 for 70c, 12 for \$2.50.

HECTOR TREUB. This is a desirable flower of the King Alfred type but later—thus helping to prolong the daffodil season. In color and growth this variety is much like King Alfred but the trumpet is more deeply rolled at the brim. 3 for 50c, 12 for \$1.80.

KING ALFRED has become so well known that a description seems unnecessary. To many the name has become synonymous with "daffodil". The deep golden yellow flowers are large and most enduring, the stems tall and strong, holding the blossoms erect in almost any weather.

We grow many acres of this variety and doubt if you can get better King Alfred bulbs anywhere. From the hundreds of thousands of bulbs we personally select the largest and finest of our Jumbo Mother bulbs which make from three to five blooms per bulb. The double nose bulbs make two blooms per bulb and are excellent grade. The round bulbs make only one extra fine blossom the first year and do not need resetting as soon as the large bulbs. **Jumbo Mother bulbs, 3 for 70c, 12 for \$2.50, 100 for \$18.75. Double nose bulbs, 3 for 50c, 12 for \$1.80, 100 for \$13.50. Round bulbs, 3 for 40c, 12 for \$1.40, 100 for \$10.50.**

KING ALFRED

WARWICK

DAFFODILS

MINISTER TALMA. This variety is earlier and lower growing than King Alfred. It is one of the most satisfactory kinds for forcing, producing the large golden yellow flowers in profusion. 3 for 50c, 12 for \$1.80, 100 for \$13.50.

WARWICK. The darkest yellow daffodil that we offer. It is a seedling of King Alfred with all the good qualities of its parent and in addition even larger flowers of deeper golden yellow. Each 30c, 3 for 80c, 12 for \$3.00.

WINTER GOLD. Each year this bright golden daffodil comes into full bloom long before most of the "early" daffodils are showing color. Plant a clump of them in a warm protected spot for the first real daffodil display of the season. The large flower has a bright yellow perianth and long frilled trumpet of deeper yellow. 3 for 70c, 12 for \$2.50.

BI-COLOR DAFFODILS

Division 1-C. Large trumpet daffodils having white perianths and trumpets colored yellow, primrose, lemon, etc.

JEFTA. A very early daffodil of pleasing soft coloring—creamy white perianth and pale lemon trumpet. It is a King Alfred seedling and is similar in form to its parent. Each 50c, 3 for \$1.40, 12 for \$5.00.

PRESIDENT LEBRUN. One of the better new Bi-colors. It is a strong growing variety with large flowers, having excellent substance. Perianth, pure white. Trumpet, deep yellow with a suggestion of orange. Each 50c, 3 for \$1.40, 12 for \$5.00.

DIOTIMA

QUEEN OF THE BI-COLORS. A very early flower of large size that lasts well. Broad pure white perianth and golden yellow trumpet. Each 40c, 3 for \$1.10, 12 for \$4.00.

SILVANITE. Beautifully formed flower of soft delicate coloring. The long trumpet is soft creamy yellow. The broad perianth is creamy white. Each \$1.00, 3 for \$2.75.

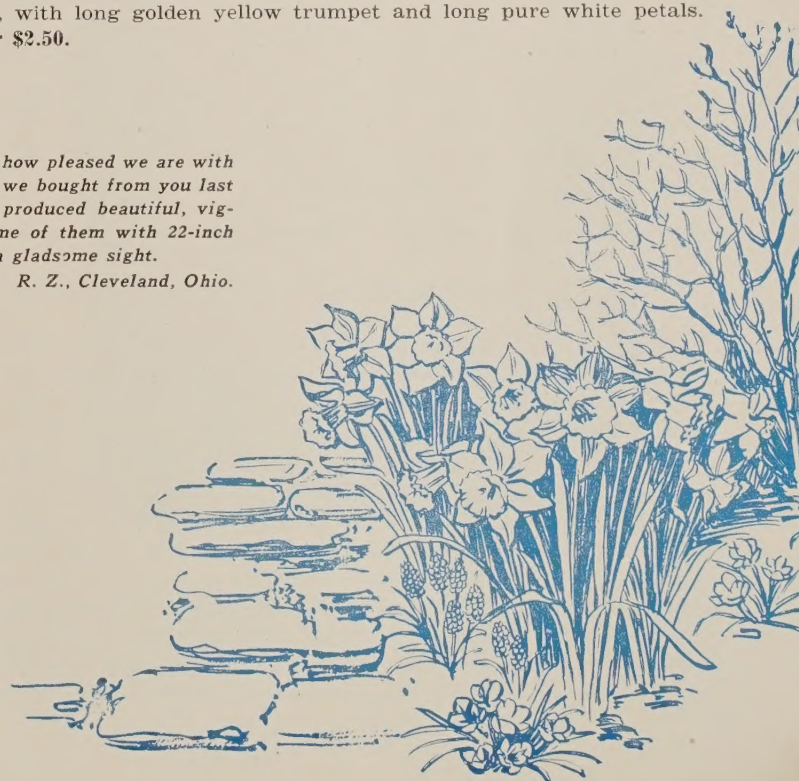

SPRING GLORY. The standard old reliable bi-color. Good sized flowers, freely produced, with long golden yellow trumpet and long pure white petals. 3 for 70c, 12 for \$2.50.

I want to tell you how pleased we are with the daffodil bulbs we bought from you last year. They have produced beautiful, vigorous flowers, some of them with 22-inch stems. They are a gladsome sight.

R. Z., Cleveland, Ohio.

BI-COLOR DAFFODIL

The Exquisite WHITE AND

WHITE TRUMPETS

MRS. E. H. KRELAGE

TRUMPET DAFFODILS — WHITE

Division 1-B. Large trumpet varieties with white perianths and white or nearly white trumpets.

There is not a great amount of difference between some varieties of this class and some of the giant Leeds'is. The trumpets of many of the latter are as large as "white trumpets" but usually they are more flaring and frilled.

BEERSHEBA. Now that this variety is down in the medium price class we hope that you will plant it freely. Unquestionably it is one of the loveliest daffodils grown. The whole flower is pure white of a splendid parchment-like texture. The trumpet is long and narrow, backed by a fine overlapping flat perianth. The flowers come early in the season and last surprisingly well. The plant is vigorous in growth and free flowering. Each 50c, 3 for \$1.40, 12 for \$5.00, 100 for \$37.50.

HINTS ON GROWING DAFFODILS

Like all other bulbs, narcissi-daffodils repay us for giving them the proper care by producing more and better flowers. Start with good bulbs; this almost guarantees flowers for the first year. See that the soil is well prepared. This means deep digging and plenty of plant food, especially phosphates and potash. Early planting is advisable. September is the best month for most parts of the country. Cover the tops of the bulbs about 4 inches, and in cold climates mulch well after the ground has frozen. It is a mistake to leave the bulbs too many years without resetting them. They become crowded and fail to bloom. About every third year, dig the bulbs when the tops have ripened. Store in a cool, airy place and reset in the fall. Never move the bulbs before or during blooming time as it will injure their growth very severely.

CHINA CLAY. Built on the Beersheba pattern and having the same glistening pure whiteness, China Clay is even more charming than that variety and not quite as large. The perianth is star-shaped and the trumpet is unusually large and narrow. An exquisite cut flower. Each \$3.00, 3 for \$8.50, 12 for \$30.00.

ESKIMO. A beautiful exhibition flower of fine texture and form. The wide trumpet is pale primrose on first opening, the whole flower soon passing to an intensely pure white. A vigorous grower, flowering profusely, a beautiful garden plant. Each \$2.75, 3 for \$7.50.

LA VESTALE. An excellent early variety which, like Mrs. E. H. Krelage, opens with a creamy-yellow trumpet changing to waxy white with age. The large, beautifully formed flowers last very well. Each 45c, 3 for \$1.25, 12 for \$4.50.

MRS. E. H. KRELAGE. Sometimes called "the white King Alfred". The blossom opens as a light colored bi-color but later becomes a uniform ivory white of waxy texture. Especially at our new low price it is well worth growing. 3 for 70c, 12 for \$2.50, 100 for \$18.75.

PINK DAFFODILS

MRS. R. O. BACKHOUSE. This is the "Pink Daffodil", and with us here in the Northwest it certainly is pink. When the flower opens the trumpet is amber in tone but the yellow soon disappears leaving a beautiful clear shell pink coloration. While the flower has a delicate appearance it really is long lasting and makes a delightful cut flower. Each 75c, 3 for \$2.00, 12 for \$7.50.

ROSABELLA. A very attractive novelty. The color of the trumpet is a lovely shade of apricot-pink. In shape it is somewhat flaring and nicely frilled at the brim. The creamy perianth has a pleasingly informal appearance. Each \$6.50, 3 for \$17.85.

BEERSHEBA

PINK DAFFODILS

LEEDSII

Division 4. Perianth white. Cup white cream or pale citron, sometimes tinged with pink or apricot.

Long Cups

DAISY SCHAFFER. Certainly this is one of the most beautiful of the light colored daffodils. The flowers are very large and attractively formed. The wide spreading perianth is pure white. When the large trumpet is fully developed it is most beautifully colored—light lemon yellow for the outer half, the inner half is pure white with lemon green throat. Just a few years ago the price was \$5.00 per bulb. **Each 40c, 3 for \$1.10, 12 for \$4.00.**

DELAWARE. This is one of our special favorites. It is a beautifully formed flower of large size. The large trumpet or cup is unusually deeply crinkled and of thick velvety substance. The cup opens a golden quince color and changes to creamy lemon. Pure white perianth. Delightfully fragrant. **Each \$1.35, 3 for \$3.70, 12 for \$13.50.**

GERTIE MILLAR. A large flower on stems of medium height. The pale primrose trumpet is heavily frilled and develops an unusual buff tone as the flower ages. **Each 40c, 3 for \$1.10, 12 for \$4.00.**

SILVER STAR. We like to plant drifts of this lovely daffodil with the light colored hyacinths, especially Myosotis—most beautiful of the light blues. The combination is enchanting. This variety has good sized flowers with creamy white perianth and trumpet which opens primrose but changes to creamy white. **3 for 55c, 12 for \$2.10, 100 for \$15.75.**

TUNIS. Gardeners get a real bargain when varieties like this are available at such low prices. It is a marvelous flower. The coppery gold frill on the trumpet of the otherwise white flower is outstanding. The plant is unusually vigorous with heavy foliage and long stems. **Each 30c, 3 for 85c, 12 for \$3.00.**

WHITE NILE. This is the earliest of the white cups that we have grown. The pure white flowers are shaped much like a medium size trumpet daffodil and are produced in great profusion. It rates high both for garden decoration and for cutting. **Each 30c, 3 for 80c, 12 for \$2.80.**

Short Cups or Crowns

HERA. If you want a lovely pure white flower of medium size for garden decoration or for cutting this is one of the best. When it first opens the cup is bordered with primrose. **3 for 45c, 12 for \$1.60, 100 for \$12.00.**

MRS. NETTIE O'MELVENY. A fine tall-stemmed flower with large perianth of pure white, medium size cup of clear lemon-yellow with orange picotee. **3 for 45c, 12 for \$1.60, 100 for \$12.00.**

MYSTIC. Near the end of the narcissus season this exquisite flower appears fresh and clean. The flat cup is unique in coloration, pure white shading to cool green in the center and having a rim of pinkish orange. **Each 75c, 3 for \$2.00.**

MRS. R. O. BACKHOUSE

QUEEN OF THE NORTH. Broad glistening white perianth. Medium size lemon-yellow cup that is prettily fluted. A very attractive flower on a tall stem. **12 for \$1.50, 100 for \$11.25.**

HERA

DAISY SCHAFFER

We always supply large double nose bulbs—the finest grade—unless we specify otherwise. This grade produces at least two flowers per bulb. Round bulbs give only one flower and naturally are not worth as much. It is very important to know the grade when buying bulbs.

WHITELEY GEM

INCOMPARABILIS

Division 2. The cup or crown measuring from one-third to nearly equal the length of the perianth segments. The perianths are white or yellow and the cups yellow, yellow shaded with red or all red.

ADLER. A beautiful flower of large size. Showing sharp contrast between the pure white perianth and cup of chrome yellow shading to blood-orange at the rim. An exhibition flower of much merit. Each 60c, 3 for \$1.65, 12 for \$6.00.

CARLTON. One of the outstanding varieties that is now in the low price class. It is a very large flower of clear yellow throughout. The perianth is very broad and the large flaring trumpet is nicely frilled. The plant is vigorous in growth with tall stems and heavy foliage. 3 for 65c, 12 for \$2.40.

CROESUS. A very popular and desirable variety. Flat overlapping perianth of light canary yellow. Broad fluted cup of rich orange. Rather late. 3 for 55c, 12 for \$2.00.

DAMSON. We are glad to be able to again offer this good daffodil which has been so scarce and high in price. The long cup is one of the most brilliant—orange-red throughout. The broad perianth is light yellow. 3 for 65c, 12 for \$2.40.

DICK WELLBAND. This variety would stand out in any collection because of the brilliant contrast between the pure white perianth and the flame orange cup. The color of the cup lasts unusually well. This is a strong vigorous grower and very free flowering. A marvelous exhibition variety. Each 30c, 3 for 85c, 12 for \$3.00.

FOLLY. It is desirable to plant varieties like this one to prolong the daffodil season. Not only is it very late but the flowers last a long time, increasing in size and beauty for days. The pure white petals are gracefully recurved. The smooth bowl-shaped cup is deep yellow shading to orange-red at the rim. Each 30c, 3 for 85c, 12 for \$3.00.

FRANCISCA DRAKE. A striking flower of brilliant color and unusual form. The petals, which reflex somewhat, are pure white tinted gold at the base. The large wide cup is flame-orange at the densely frilled edge, shading lighter to the base. Vigorous and free-flowering. Each 30c, 3 for 65c, 12 for \$2.40.

Brilliance in Daffodils: LARGE

JOHN EVELYN. An outstanding variety even among a collection of new varieties because of the wide flat cup which is extremely frilled and fluted. The color of the cup is lemon-yellow tinted apricot. Pure white perianth of large size. One of the greatest daffodils. Each 30c, 3 for 85c, 100 for \$3.00.

KILLIGREW. A beautiful smooth flower having a bright yellow perianth and tangerine orange cup. It holds its color better than most bright cups. A good exhibition flower and excellent for garden decorations. 3 for 65c, 12 for \$2.40.

MILFORD HAVEN. Creamy white perianth, wide ruffled cup of chrome-yellow shading to orange scarlet at the rim. A vigorous, free-flowering variety with strong stems. 3 for 65c, 12 for \$2.40.

FOLINDRA. We consider this one of the most beautiful bi-color daffodils that we have ever seen. The color is very clean and sharply cut, perianth of purest white, cup of uniform clear yellow. The flowers are very large on stems over 2 feet tall and are unexcelled for smooth texture and heavy substance. Each \$3.25, 3 for \$9.00.

FORTHILLY. One of the most striking of the yellow and red varieties. The large open cup is a marvelous shade, vivid orange-crimson, and beautifully frilled. The clear yellow perianth is broad, smooth. Each \$1.00, 3 for \$2.75, 12 for \$10.00.

RED CROSS. One of the most satisfactory and dependable varieties in this list. The blossoms are large and substantial on strong tall stems. Flat perianth of primrose, large deep cup of orange yellow shading to orange red at the frilled edge. 3 for 65c, 12 for \$2.40.

RED SHADOW. A superb exhibition flower, bold and attractive in appearance. The perianth is creamy-yellow and the cup is dark yellow with orange-red margin. One of the latest Incomparabilis varieties. Each 30c, 3 for 80c, 12 for \$3.00.

REWA. In a collection of hundreds of varieties this one attracted our immediate attention because of its distinct coloration and beautiful form. The perianth is pure white and much overlapping. The magnificent crown is very large and colored bright pinkish apricot. Each \$4.75, 3 for \$13.00.

HELIOS

FORTUNE. Because of the outstanding quality Fortune is probably next to King Alfred in popularity today. This popularity is well deserved for it is a magnificent flower of large size, good color and extreme earliness. The broad flat perianth is deep golden yellow. The trumpet shaped cup is rich orange—the depth of the color depending on the season. Stems unusually tall. Plant is very strong and vigorous. Each 40c, 3 for \$1.10, 12 for \$4.00.

HELIOS. A very early flower of deep yellow. The cup is shaded orange—quite dark orange when the weather is cool at blooming time. The flowers are large and the stems tall and strong. One of the best for forcing. 3 for 50c, 12 for \$1.80, 100 for \$13.50.

RED AND YELLOW CUPS

RUSTOM PASHA. An outstanding variety because of its brilliant coloring which is more resistant to fading than almost any other variety. The cup opens orange and instead of fading deepens to rich orange red. The perianth is deep golden yellow. The flower is large and of highest exhibition quality. Tall stems and vigorous growth. **Each \$5.75, 3 for \$15.80.**

SIR WATKIN. A very free flowering variety with splendid foliage and large flowers on good stems. The flowers have a primrose perianth and deep yellow cup. Excellent for naturalizing and for cutting. Large double-nosed bulbs. **12 for \$1.50, 100 for \$11.25.**

SCARLET ELEGANCE. Dark yellow perianth and bright orange-red cup of medium size. The flower has an especially pleasing smooth appearance. It is an excellent variety for cutting as the stems are tall and the flower is long lasting. **Each 45c, 3 for \$1.25, 12 for \$4.50.**

SCARLET LEADER. A spectacular flower with wide cup of vivid orange-scarlet set off by a large creamy white perianth. Attracts much attention either in the garden or on exhibition. Strong sturdy plant. **Each \$2.25, 3 for \$6.20.**

ST. EGWIN. A collection made up entirely of the bright orange red cups would be tiring to the eye. The clear soft yellow of this exquisite variety affords a restful contrast. The large broad blossoms are beautifully proportioned and have a silky smooth texture. Very tall stems. **Each \$1.75, 3 for \$4.80.**

WHITELEY GEM. This is a very valuable daffodil for the garden because it is the earliest of the red-cups—lengthening their season by about two weeks. It is a vigorous grower with large well-proportioned flowers on very tall stems. **Each 30c, 3 for 85c, 12 for \$3.00.**

YELLOW POPPY. Another soft yellow flower of silky texture. The perianth is large and flat. The cup is of medium size and bordered with a narrow orange rim. Excellent for garden decoration and especially good for naturalizing. **3 for 50c, 12 for \$1.30, 100 for \$13.50.**

DAMSON

I just cannot keep from telling you my daffodils and jonquils are the most beautiful I have ever seen and are exactly like your catalog stated they were. All of them are large and have from two or three and even four blooms to the bulb, and the little jonquils are something to be proud of. I'm proud of everything I ordered from you!
Mrs. O. M., Vernonia, Ore.

SCARLET LEADER

DICK
WELLBAND

HADES

The Smaller Red and Yellow Cups

BARRII

Division 3. The same colors as in the Incomparabilis section but with shorter cups—less than one-third the length of the perianth segments.

ALCIDA. This well colored large flower of firm substance comes near the end of the daffodil season. Large creamy perianth, broad cup of deep yellow with orange-red frill. 3 for 50c, 12 for \$1.80, 100 for \$13.50.

BATH'S FLAME. A fine strong growing variety with brilliant flowers on tall stems. Large perianth of bright yellow, deeper yellow cup edged orange scarlet. 3 for 45c, 12 for \$1.60, 100 for \$12.00.

DIANA KASNER. Large size flower having a cream perianth and yellow cup with bright orange-red margin. A vigorous growing dependable variety that produces an abundance of tall stemmed flowers that are excellent for cutting. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

FIRETAIL. A beautiful poeticus type flower with white perianth and flat eye of vivid red. This red burns in the sun so plant in shade or cut flowers as they are opening. 3 for 65c, 12 for \$2.00.

HADES. The color of the cup is frequently stated to be the darkest red in daffodils. It is a deep cherry red that lasts exceptionally well for so bright a color. The large flat perianth is creamy white. A strong vigorous variety. Each 75c, 3 for \$2.00, 12 for \$7.50.

MRS. BARCLAY. Creamy white, broad petaled perianth, deeply frilled flat cup of primrose-yellow with orange border. An excellent garden variety especially in partial shade. 3 for 50c, 12 for \$1.80.

SUNSTAR. A very late variety of the Barrii-Poeticus type. Creamy white flat perianth, shallow yellow cup brightly margined with orange. Tall strong stems. Each 30c, 3 for 80c, 12 for \$3.00.

Conley's DOZEN DAFFODIL COLLECTION

For several years this has been one of the most popular features in our catalog. Many of our customers have written to tell us of the great pleasure they have derived from these bulbs. The 12 excellent varieties chosen to represent the main classes into which the daffodils are divided. By growing these bulbs in your own garden you will have an opportunity to become acquainted with each type's distinctive beauty and fragrance. From our large double nose bulbs you will obtain a profusion of flowers for garden decoration or for flower arrangements.

Collection D-1

12 bulbs each (144 bulbs)	19.00
25 bulbs each (300 bulbs)	36.00
100 bulbs each (1200 bulbs)	135.00

All large double nose bulbs. Shipped Prepaid.

We reserve the right to substitute similar varieties of equal or greater value if any of these varieties are sold out.

MILFORD HAVEN

The Poet's Narcissus POETICUS

Division 9. The true poet's narcissus. The small cup or eye is yellow bordered red or all red. Pure waxy white perianth. They should be planted in deep, moist soil and not be reset more often than necessary because of crowding.

ACTAEA. Frequently called the largest Poeticus variety. It is indeed a beautiful flower with its broad pure white perianth of heavy substance and flat eye of yellow brightly bordered with dark red. With its large flowers and tall stems it makes a very beautiful cut flower. 3 for 45c, 12 for \$1.70, 100 for \$12.75.

GLORY OF LISSE. Large snowy white perianth of heavy texture. Cup yellow edged red. An improved Poeticus Ornatus. 3 for 35c, 12 for \$1.20, 100 for \$9.00.

RECURVUS. The old-fashioned Pheasant's Eye. A very late variety with reflexing petals and small yellow cup bordered bright orange-red. Fine for naturalizing. 3 for 35c, 12 for \$1.20, 100 for \$9.00.

SNOW KING. Exceptionally broad petals of glistening white, yellow cup with broad red border. Tall strong stems. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

ACTAEA

The bulbs I had from you last season were a joy to me and my clients as I own and operate a beauty shop on my home premises. The daffodils were gorgeous and the tulips could not have been surpassed even by professional growers.

Miss M. M. B., Fresno, Calif.

Conley's 2nd DOZEN DAFFODIL COLLECTION

Collection D-2

GOLDEN PERFECTION

This collection was made up in response to the many customers who have grown and enjoyed Conley's Dozen Daffodil Collection and want to add some of the newer and better sorts. This group shows even greater diversity of form and color than the original collection. Many of these varieties have been high in price until this year but at the low price for this group you get a lot of fine daffodils at small expense.

GOLDEN HARVEST (Yellow Trumpet)

BEERSHEBA (White Trumpet)

QUEEN OF THE BICOLORS (Bicolor Trumpet)

CARLTON (Yellow Incomparabilis)

DAMSON (Incomparabilis)

12 bulbs each (144 bulbs)	33.00
25 bulbs each (300 bulbs)	61.50
100 bulbs each (1200 bulbs)	246.80

We reserve the right to substitute similar varieties of equal or greater value if any of these varieties are sold out.

GOLDEN SCEPTRE

The Fragrant GOLDEN JONQUILS

Division 7. These are the true jonquils—delightfully fragrant flowers of deep golden yellow with rush-like foliage and round stems. The flowers are usually in clusters.

GOLDEN PERFECTION. Of all the self-colored yellow narcissi, this is certainly one of the finest. The flowers are large in size with one to three on a stem—usually two. The stems are strong and among the tallest. The bright golden blossoms are beautifully proportioned and last a long time. **Each 30c, 3 for 80c, 12 for \$2.85, 100 for \$21.40.**

GOLDEN SCEPTRE. Another attractive hybrid of a single jonquil and a large daffodil. It has the color and fragrance of the jonquil with a daffodil-like trumpet. It is wonderfully free flowering with tall stems and attractive foliage. The first blooms come quite early and are followed by secondary flower stems. The result is that the flowering period is longer than that of almost any other narcissus in our plantings. Sometimes two flowers on the stem. **3 for 40c, 12 for \$1.50, 100 for \$11.25.**

JONQUILLA SIMPLEX. This is a charming slender growing type with numerous perfect little florets in graceful clusters. The color is rich yellow and the fragrance is delicious. The little bulbs may be left undisturbed for years. **3 for 35c, 12 for \$1.20.**

LANARTH. An attractive hybrid with beautifully formed flowers on very tall stems. Deep golden overlapping perianth, shallow cup of old gold flushed orange. A choice variety for the garden or exhibition. **Each 50c, 3 for \$1.40, 12 for \$5.00.**

ODORUS CAMPERNELLI (Single Campernelle Jonquil). Two to four beautiful bright yellow flowers on a tall round stem. Delightfully fragrant. Foliage erect and rush-like. Makes very attractive clumps for the border. **3 for 40c, 12 for \$1.50, 100 for \$11.25.**

ODORUS CAMPERNELLI PLENUS (The Double Campernelle Jonquil). A splendid variety bearing heads of deep yellow double flowers on tall stems. Rich green rush-like foliage. Delightfully fragrant. Like the other campernelles it is much better when not dug for two or three years. **3 for 40c, 12 for \$1.50, 100 for \$11.25.**

ODORUS ORANGE QUEEN. Outstanding for its intense golden-orange color. The flowers, two or three on a stem, are produced in lavish profusion. A delightful variety, rather low growing, for the garden or for cutting. Jonquil fragrance. **3 for 50c, 12 for \$1.80.**

COLLECTION OF FIVE POETAZ NARCISSI

The five beautiful and distinct kinds described below.

5 bulbs each
(25 bulbs)
\$4.10

12 bulbs each
(60 bulbs)
\$9.40

CHEERFULNESS

Cluster-Flowering POETAZ

Division 8. A group of hardy bunch flowering hybrids of the Poeticus and Polyanthus Narcissi. They bear clusters of fragrant long lasting flowers that are excellent for garden decoration or for cutting.

CHEERFULNESS. See Double Narcissi.

ELVIRA. Three or four good sized substantial flowers on tall erect stems. The petals are pure white, the cups are bright yellow with a narrow orange rim. Very dependable and satisfactory. **3 for 40c, 12 for \$1.50, 100 for \$11.25.**

GERANIUM. A beautiful and desirable flower. Each stem bears from four to six florets with large white perianths and orange red cups. **3 for 65c, 12 for \$2.40.**

GLORIOUS. A very fine outstanding flower. Each tall stem bears two or three very large flowers with broad poeticus type perianth and orange-scarlet eye. Particularly recommended for partial shade. **3 for 65c, 12 for \$2.40.**

KLONDYKE. One of the finest yellow poetaz. Four to seven large flowers in the cluster. Rich yellow perianth and darker cup. **3 for 45c, 12 for \$1.60, 100 for \$12.00.**

SCARLET GEM. This is the best of the Poetaz varieties with yellow perianths and orange-red cups that we have grown. The perianth is primrose yellow and the cup is orange-scarlet. The clusters are composed of four to six gracefully arranged florets on good stems. **3 for 55c, 12 for \$2.00, 100 for \$15.00.**

TEXAS

The Distinctive DOUBLES

Division 10. Double flowers of white, cream and yellow, sometimes with inner petals of orange or red.

CHEERFULNESS. The double Elvira. Charming little double flowers made up of creamy white outer petals and shorter petals of soft yellow. The habit of growth is essentially the same as for Elvira. 3 for 45c, 12 for \$1.60, 100 for \$12.00.

IRENE COPELAND. A large fully double flower made up of closely packed petals of pure white primrose. Stiff rigid stems. Each 45c, 3 for \$1.20, 12 for \$4.50.

MARY COPELAND. Semi-double blossom of creamy white with shorter petals of brilliant orange. A beautiful variety that has delightful fragrance. Each 45c, 3 for \$1.20, 12 for \$4.50.

ROYAL SOVEREIGN. We consider this an especially attractive and graceful double—quite lacking in the stiffness of some varieties. The creamy-white longer petals are interspersed with short crinkled petaloids of soft primrose yellow. Each 55c, 3 for \$1.50, 12 for \$5.50.

THE PEARL. A graceful flower of creamy-white interspersed with some petals of sulfur-yellow. We sell thousands of the bulbs yearly for it is in great demand both for garden decoration and for cutting. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

THE PEARL

ROYAL SOVEREIGN

TEXAS. Giant flowers of bright yellow interspersed with brilliant orange. The stems are tall and the whole plant shows great vigor. Each 60c, 3 for \$1.65, 12 for \$6.00.

TWINK. A splendid double that should be in every collection. It is of the semi-double type with longer petals of soft primrose and inner petals of clear orange. Very early and long lasting. The large flowers are well supported by tall strong stems. 3 for 70c, 12 for \$2.50, 100 for \$18.75.

Collection D-4 NEW DOUBLE DAFFODILS

Four of the finest new varieties in a distinctive collection which we believe that you will enjoy very much.

TAZETTA OR POLYANTHUS NARCISSI

Division 8. Bunch flowering narcissi used so extensively for forcing in water and fibre.

CHINESE SACRED LILY. Large clusters of white flowers with yellow cups. Each bulb produces several spikes of the fragrant flowers. Very easily grown in bowls of pebbles, or fibre, and water. 3 for 40c, 12 for \$1.50.

GRAND SOLEIL D'OR. This variety has been extensively used for forcing but its usefulness out of doors has been too often overlooked. It is as hardy as many of the daffodils. Large clusters of dark yellow flowers with bright orange cups. Tall growing and vigorous. Healthy home grown bulbs. 3 for 40c, 12 for \$1.50, 100 for \$10.00.

PAPER WHITE NARCISSI. The most popular bulb for forcing in water. Large clusters of pure white, fragrant flowers. Fine large round bulbs that should give splendid satisfaction. 3 for 40c, 12 for \$1.50.

CANALICULATUS. A dainty little polyanthus narcissus suitable for sunny situations in the rock garden. Tiny heads of three or four florets on 6-inch stems. White perianth and globular yellow cup. Sweetly scented. Grows very easily and increases rapidly. 12 for \$1.20, 100 for \$9.00.

The bulb shipment arrived today, and I wanted to write you at once to tell you that I think they are the best bulbs I have ever seen. I purchased considerable bulbs this year from various sources, and yours were the best, healthiest bulbs I have ever seen. Had I known that your bulbs were so outstanding, I would have ordered all my bulbs from you, at least to the extent of those you list in your catalog.

C. B., Pensacola, Fla.

Narcissi - Daffodils

Assorted for

Naturalizing

This splendid collection of the different types of daffodils shows the wonderful diversity of form, size, color and fragrance to be found in this much beloved flower. During the past years we have sold thousands of these assortments and in many instances it caused the customers to become daffodil enthusiasts. This is a hand-made mixture ranging from large trumpets like King Alfred through the different types of medium cups, cluster-flowering narcissi, jonquils and Poet's narcissi. Each year as the stocks become more plentiful new varieties are included in the assortment. Large double-nose bulbs, 12 for \$1.35, 100 for \$10.00, 1000 for \$90.00. Large round bulbs, 12 for \$1.10, 100 for \$8.00, 1000 for \$72.00.

TRIANDRUS HYBRIDS

Division 5. All varieties which are obviously derived from *N. triandrus*. Of very graceful habit with flowers that are more or less drooping.

PEARLY QUEEN. Each stem bears two or three flowers with star-shaped creamy white perianth and short smooth trumpet of lemon yellow. The distinct pearly sheen provides the name. The drooping flower clusters are freely produced. The charming blossoms are delightful in flower arrangements. 3 for 50c, 12 for \$1.80, 100 for \$11.25.

SHOT SILK. A charming triandrus hybrid of soft pure white. Considered the best variety in this class. Usually three flowers in a graceful cluster. New lowered price this year. Each 50c, 3 for \$1.40, 12 for \$5.00.

SILVER CHIMES. An entirely distinct type with large clusters made up of six to twelve charming flowers. The perianth is white and the firm cup is pale primrose. It is a great favorite of ours—one member of the family considers it her favorite narcissus. Where the winters are severe it would need to be grown in a cool greenhouse, but here on the Pacific Coast and in other mild climates it performs beautifully. Each \$1.35, 3 for \$3.75, 12 for \$13.50.

THALIA. Each stem bears two to four flowers of purest white, arranged in a beautiful cluster. It is one of the most exquisite in our entire catalog. Each 30c, 3 for 85c, 12 for \$3.00.

FEBRUARY GOLD

CYCLAMINEUS HYBRIDS

Division 6. Varieties derived from *N. Cyclamineus*. The perianth reflexes as in a Cyclamen.

FEBRUARY GOLD. Each year this bright golden flower heralds the new daffodil season for us. In addition to its earliness it is a charming sprightly flower with reflexing petals. The whole flower is bright clear yellow. 3 for 50c, 12 for \$1.80, 100 for \$13.50.

BERYL. A lovely little Cyclamineus hybrid bearing graceful drooping flowers with primrose-yellow, slightly reflexing, perianth and small globular bright orange cup shading to gold; ideal for the rock garden and pots, height 8 inches. Each 40c, 3 for \$1.10, 12 for \$4.00.

SILVER CHIMES

20th

Anniversary

THE more you become acquainted with the bulb flowers the more pleasure you derive from them. At first it is only a matter of color and size but as one really comes to know the flowers there are many beautiful and interesting details—the base of tulips as they open in the sun, the gracefully poised anthers of a lily, the exquisite form and shadings of some of the smaller narcissi, the orange stigmata of crocuses . . .

Twenty years! That is a long time in the American bulb industry. In 1927 it was in its infancy. New methods, new equipment, even new varieties had to be developed that would be suited to this country. Now it is a mature industry with skilled help, special techniques and a fine record of achievement. Many bulbs grown in the Pacific Northwest are now the best in the world and command a premium over the bulbs from any other source.

We are proud to offer the fine collection of bulbs contained in this catalog. For 20 years our objective has been to supply the finest bulbs of the best and most dependable varieties at moderate prices. That this policy is right is attested by the large number of repeat orders and letters of commendation from our customers. We are indeed grateful. Through these 20 years of peace and war, good times and depression, our business and the size and quality of our plantings have increased. Naturally, with this record behind us, we face the future with confidence.

We believe we have something tangible to offer you because of this long and intimate experience with growing bulbs. And we do mean intimate, because we personally follow the bulbs from planting time through flowering and growth to digging, curing and grading—especially grading because we want to see that every bulb that you get meets our high standards.

This young man is Martin Lynn Conley, the third generation of Conleys interested with us in bulb growing. He is the son of Ernest D. Conley, Jr., who is our right-hand man in the business.

Martin is surveying one of our fields of daffodils, mainly King Alfreds. These rows, if placed end-to-end, would reach from our farm near Eugene to Portland, a distance of about 125 miles.

THE EARLY TULIPS

SINGLE EARLY

In the early spring the first big display of gay color is brought by the Single Early Tulips. Earliness is their chief advantage over other types so give them a warm sunny location to speed up their flowering. These are the best tulips for early forcing but do not try to bring them on too fast.

GENERAL DE WET (Fireglow). Extra large flowers of golden orange flushed and stippled with scarlet. The color deepens with age (15 inches). 3 for 45c, 12 for \$1.70.

KEIZERSKROON. One of the old favorites and still one of the showiest. Very large flowers of crimson-scarlet with a wide border of bright yellow. 16 inches. 3 for 50c, 12 for \$1.80.

OLYMPIADE. Extra fine clear bright yellow with ivory stamens. Excellent for forcing or bedding. 3 for 45c, 12 for \$1.70.

PELICAN. A splendid pure white flower of such good substance that it lasts unusually well in the garden. A beautiful cut flower. 3 for 45c, 12 for \$1.65, 100 for \$12.40.

PINK BEAUTY. The very large flowers are bright cherry-rose with long white flush on the center of the petals. A splendid bedder and good for late forcing. 14 inches high. 3 for 50c, 12 for \$1.80, 100 for \$13.50.

PRINCE CARNIVAL. A new tulip and quite the gayest of the lot. Rich yellow flowers with bright red stripes and blotches on each petal. 3 for 50c, 12 for \$1.80.

PRINCE OF AUSTRIA. Clear orange-red flowers with yellow base. Large, sweet scented. A splendid bedding variety and good for cutting. 3 for 45c, 12 for \$1.65.

MIXED EARLY TULIPS. A well-balanced handmade mixture from our good named varieties. 12 for \$1.70, 100 for \$12.75.

COLLECTION OF SINGLE EARLY TULIPS

For bright cheerful color in the early spring garden plant this collection of seven splendid Single Early Tulips listed above.

3 each (21 bulbs), \$3.15 6 each (42 bulbs), \$6.00 12 each (84 bulbs), \$11.50

DOUBLE EARLY

Their beautiful colors, large size and long lasting qualities make the Double Earlies splendid bulbs for bedding and borders. Striking and beautiful mass effects can be produced with these tulips. They are good for forcing too, but should not be brought on quite as early as some of the Single Earlies.

BOULE de NEIGE (Purity). Pure white, fully double peony-like flowers that are large and most attractive. 3 for 45c, 12 for \$1.70, 100 for \$12.70.

DANTE. Fiery scarlet. A brilliant new variety of great merit—the best of the bright red double earlies. 3 for 45c, 12 for \$1.70, 100 for \$12.70.

KEIZERSKROON

GENERAL DE WET

RED EMPEROR (Madame Lefebvre). Fosteriana Hybrid. One of the most spectacular tulips in existence. Extremely large flower of brilliant scarlet with black base. It flowers with the narcissus before most of the early tulips. Height 18 inches. 3 for 50c, 12 for \$1.80, 100 for \$13.50.

to Make the Spring Alive With Color

MARECHAL NIEL. Satiny soft yellow, tinted salmon, like the Marechal Niel rose. Splendid large flowers. 3 for 45c, 12 for \$1.70, 100 for \$12.70.

MR. VAN der HOFF. The finest of the clear golden yellow varieties. Large and fully double. 3 for 45c, 12 for \$1.70, 100 for \$12.70.

PEACH BLOSSOM. As beautiful a shade of soft rosy pink as one will find in any tulip. The large full flowers are unusually long lasting. 3 for 45c, 12 for \$1.70, 100 for \$12.70.

MIXED DOUBLE EARLIES. A well balanced mixture of all the different colors. 3 for 45c, 12 for \$1.60, 100 for \$12.00.

COLLECTION OF DOUBLE EARLY TULIPS

The five varieties listed above in a gay and colorful collection.

12 each (60 bulbs)	for 8.00
25 each (125 bulbs)	for 15.50

TULIP SPECIES (BOTANICAL TULIPS)

These are the wild tulips and every one is an unusual and worthwhile variety for we have chosen the list with great care. These species exhibit an immense diversity of form from tiny little jewels like *Linifolia* to the great tall *Praestans Pamir* flaming like an oriental poppy.

CLUSIANA (The Lady Tulip). A charming little slender plant growing about 12 inches high. The outside of the petals is cherry-red, inside white. 3 for 55c, 12 for \$1.95, 100 for \$14.65.

CORNUTA STENOPETELA (*Sinensis*, *Acuminata*). Extraordinarily long narrow petals tapering upwards to a fine point. Bright yellow streaked with red. A group of this tulip in our display at the Portland Daffodil Show this year attracted a great amount of attention. 3 for 50c, 12 for \$1.80.

CHRYSANTHA. In the sun these lovely little flowers open out flat forming discs of pure gold. The outer petals are often shaded coppery red. Charming for the rock garden. 3 for 35c, 12 for \$1.35.

DASYSTEMON. A captivating little plant about six inches high with canary-yellow flowers bordered with white. There are from three to five little blossoms on a stem and when fully opened in sunny weather they produce a delightful effect. 3 for 50c, 12 for \$1.90.

EICHLERI. Large flowers of brilliant crimson-scarlet with a glistening black center marked gold. Attractively pointed petals that open wide in the sun. The foliage is silvery green. Very effective in the rock garden or border. A dependable species that is easily grown. 3 for 35c, 12 for \$1.35.

KAUFMANNIANA (The Waterlily Tulip). An especially desirable variety because it is not only the earliest of all tulips but a flower of great beauty also. The petals are broad and reflexing, creamy-white inside, more or less marked with carmine on the reverse. Height 8 inches. 3 for 35c, 12 for \$1.20, 100 for \$9.00.

KAUFMANNIANA BRILLIANT. Brilliant red flowers that open wide in those few sunny days of early spring. A group of these in a planting of the regular type would be very striking. 3 for \$1.25, 12 for \$4.50.

KAUFMANNIANA ELLIOTT. More highly colored and larger than the type. The creamy flowers are richly shaded red on the outside. 3 for 35c, 12 for \$1.35.

LINIFOLIA. Small bowls of brilliant scarlet centered dark violet. Very dwarf plant with narrow leaves. One of the daintiest species. 3 for 75c, 12 for \$2.70.

MARJOLETTI. A charming little flower of primrose-yellow, flamed scarlet. A slender growing species, about 14 inches high, that is a very attractive flower for cutting. 3 for 45c, 12 for \$1.60.

PRAESTANS PAMIR. The largest and finest of the *Praestans* type. Several vermilion-scarlet blossoms on a stem about 14 inches high. Early. 3 for 50c, 12 for \$1.90.

TURKESTANICA. Each stem carries four to six small white blossoms shaded yellow inside. Height 9 inches. 3 for 35c, 12 for \$1.20.

KAUFMANNIANA

Your double tulip Eros is one of the most beautiful tulips I have ever seen. Huge, peony-like flowers on strong, husky stems. Needless to say, I am very satisfied.
H. E. M., Berkeley,

FANTASY
(Parrot)

PURE SHADES AND BLENDS OF PINKS

DARWIN

ARISTOCRAT. A fine dark rose tulip shading much lighter at the edges. The large flowers have an elongated form and carry themselves in a most stately manner on tall straight stems. 3 for 70c, 12 for \$2.50.

CAROLINE TESTOUT. A beautiful clear soft pink tulip named for the well known rose. We enjoyed this variety very much this year and found it one of the longest lasting flowers in the garden. 3 for 45c, 12 for \$1.60.

KATHLEEN PARLOW. Exquisite shell pink shading, silvery at the edges and under the flower. Large white base. Tall. 3 for 45c, 12 for \$1.60.

LADY HILLINGDON. A very lovely flower of rosy-orange. The base is yellow and this color suffuses the whole flower. Medium large flowers on slender but strong stems. 3 for 45c, 12 for \$1.60.

MR. VAN ZIJL. This impresses us as being about the finest soft rose pink tulip of them all. The color is a clear and pure rose with beautiful shading of very light pink at the margin. The large cup-shaped flowers have excellent substance. 3 for 45c, 12 for \$1.60, 100 for \$12.00.

PRIDE OF ZWANENBURG. This is certainly one of the finest tulips in our whole list. Giant flowers of bright pink suffused with rose-red on strong 30-inch stems. 3 for 45c, 12 for \$1.60, 100 for \$12.40.

PRINCESS MARY. Brilliant rose pink with silvery shading at the edges, carmine interior. Large, long lasting flowers. 3 for 50c, 12 for \$1.80.

THE PEACH. Large beautiful pink flowers of peach-like shade. An early variety that is unusually long lasting. 27 inches. 3 for 45c, 12 for \$1.60.

VENUS. Deep silvery rose flowers of large size and high quality in every way. Tall strong stems. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

COTTAGE

BARBARA PRATT. The beautiful cherry-pink blossoms are lighted up by the effect of the large yellow base. An attractively formed flower with slightly reflexing petals. 3 for 45c, 12 for \$1.60.

DIDO. A very popular two-toned tulip. Large elongated blossoms. The outside is orange-rose shaded yellow toward the edges. The inside bright salmon-orange with yellow base. Tall, vigorous. 3 for 40c, 12 for \$1.50.

INGLESCOMBE PINK. Soft rosy pink flushed salmon, changing to rose when in full bloom. Splendid cut flower. Free flowering. 28 inches. First size bulbs, 12 for \$1.10, 100 for \$8.00. Top size, 12 for \$1.35, 100 for \$10.00.

MARJORIE BOWEN. A lovely blend of deep rose pink with salmon-orange shading. Inside orange with yellow base. 3 for 40c, 12 for \$1.50.

OSSIE OSWALDA. One of the so-called "Chameleon Tulips", it opens creamy white with pink picotee edges. After a few days the whole flower becomes suffused with rose-pink. 3 for 50c, 12 for \$1.80, 100 for \$13.50.

PICOTEE (Maiden's Blush). Opens pure white. Later the gracefully reflexing petals become beautifully margined and penciled with bright pink. Charming cut flower. 3 for 45c, 12 for \$1.65.

QUEEN OF SPAIN. Quite unique is this lovely cream colored flower with shadings and stipplings of pink. Stems slender but strong. 3 for 50c, 12 for \$1.80, 100 for \$13.50.

CLARA BUTT

CLARA BUTT. No other tulip is held in such deep affection by garden lovers the world over as the lovely soft pure pink Clara Butt. It should be in every garden. The medium size flowers are perfect for cutting. Since this variety is so free flowering we are listing a size smaller than our usual top-size grade. First size bulbs, 12 for \$1.10, 100 for \$8.00. Top size bulbs, 12 for \$1.35, 100 for \$10.00.

DIDO

Conley's

RAINBOW TULIP MIXTURE

We grow acres of these mixed tulips and what a colorful sight they make. Here are hundreds of varieties in all the glorious tulip colorings from white through yellow, orange, pink, red, lavender, violet, purple to almost black. Included are varieties from the Darwin, Breeder and Cottage classes.

We believe that if you could see these tulips in bloom that you, too, would join the customers who buy many thousands of the bulbs each year.

Top size bulbs (12 cm and over), 12 for \$1.25, 100 for \$9.40, 250 for \$22.35, 1000 for \$84.60.

First size bulbs (11-12 cm), 12 for \$1.00, 100 for \$7.50, 250 for \$17.85, 1000 for \$67.50.

LAVENDER and PURPLE-- *Lightest Shades to Almost Black*

BLUE AIMABLE. Dark lavender shaded steel blue, white base. An attractive and substantial flower that would combine beautifully with a dark yellow variety like Sun-kist. 3 for 40c, 12 for \$1.50.

FAUST. Very dark satiny purple-maroon. Enormous tall flowers of high quality. Not as dark as La Tulipe Noire but much larger and better. 3 for 40c, 12 for \$1.50.

GIANT. Another dark purple tulip but having a more reddish tone than Faust. Large handsome cups on strong stems. It would be very striking if planted with one of the white Darwins. 3 for 45c, 12 for \$1.60.

GEORGE GRAPPE. See Breeder Tulips, page 23.

INSURPASSABLE. A beautiful orchid-lavender flower with white center. This tulip has unusual size and a strong tall stem. It is unsurpassed in its color group. 3 for 45c, 12 for \$1.65.

JUBILEE. A highly recommended variety of rich blue-purple. Large, tall and long lasting. 3 for 45c, 12 for \$1.60, 100 for \$12.00.

KING MAUVE. A magnificent big tulip of light lavender shaded with deeper lavender. Probably the very best of its color. Lovely if planted with pale yellow varieties. 3 for 45c, 12 for \$1.65.

LA TULIPE NOIRE (The Black Tulip). Very dark maroon-black. Fine large flowers of velvety texture. 3 for 45c, 12 for \$1.65, 100 for \$12.40.

MADAME BUTTERFLY. Large egg-shaped flowers of lovely pale mauve shaded violet, white base. Strong 30-inch stems. 3 for 45c, 12 for \$1.65.

MRS. HAROLD I. PRATT. Very large flowers of lilac-mauve with yellow shading at the edges of the petals. A tall growing tulip of unusual color. 3 for 45c, 12 for \$1.65.

PANSY BLUE (Mrs. Mandel). One of our earliest Darwins. Good sized flowers of light lavender flushed lilac, large white base. 3 for 40c, 12 for \$1.40, 100 for \$10.50.

QUEEN OF THE NIGHT. One of the darkest tulips yet introduced. Large oval flowers of extremely dark purple-maroon with velvety sheen and bluish foliage. An excellent grower with tall, strong stems. 3 for 55c, 12 for \$1.95.

REV. H. EWBANK. A good dependable tulip that is especially pleasing for planting with light yellow varieties. Well shaped flowers of good size, colored deep lavender shading lighter at the edges. Top size bulbs, 3 for 40c, 12 for \$1.40, 100 for \$10.50. First size bulbs, 12 for \$1.10, 100 for \$8.00.

SCOTCH LASSIE. Of the medium dark varieties this is one of the finest. Pure deep lavender-purple shaded darker inside with blue base. Large flowers with slightly reflexing outer petals. 3 for 50c, 12 for \$1.80.

THE BISHOP. A bright clear violet tulip of the highest quality. Good size, color and substance. It would be delightful flowering above a carpet of yellow pansies or violas. 3 for 45c, 12 for \$1.65, 100 for \$12.00.

THE BISHOP

INSURPASSABLE

Conley's

TEN
TRUSTWORTHY
TULIPS

Collection T-1

Ten dependable varieties that have stood the test of time. Vigorous and easily grown, they should thrive where

ever tulips can be grown at all. These are tulips that bloom well from smaller bulbs so in addition to the big top size we are also offering this collection in our good first size bulbs (11-12 cms) for those who want a lot of flowers for the least possible expenditure.

CLARA BUTT. Pink Darwin.

REV. EWBANK. Lavender Darwin.

FARNCOMBE SANDERS. Red Darwin.

KING HAROLD. Dark red Darwin.

INGLESCOMBE YELLOW. Cottage.

YELLOW GIANT. Darwin.

ZWANENBURG. White Darwin.

INGLESCOMBE PINK. Cottage.

LOUIS XIV. Breeder.

BRONZE QUEEN. Breeder.

Top size bulbs:

6 each (60 bulbs)	\$ 6.75
12 each (120 bulbs)	12.95
25 each (250 bulbs)	25.00
100 each (1000 bulbs)	97.50

First size bulbs (11-12 cms):

6 each (60 bulbs)	\$ 5.40
12 each (120 bulbs)	10.35
25 each (250 bulbs)	20.00
100 each (1000 bulbs)	95.00

JUBILEE

We have received the bulbs. They are the best we have ever seen. The Advance tulip bulbs are so large and perfect that they must have been grown under perfect soil conditions. They do not look like the bulbs we see on the market here.

Mrs. D. M., Toledo, Ohio.

GLORIOUS TULIPS

RED COTTAGE

ADVANCE (Hybrid Tulip). An extraordinary tulip and now priced so low that every gardener can plant it in quantity. Large size—larger than any Darwin, early—almost as early as the single Earlies, tall strong stems that hold the giant flowers well erect, beautiful color, fiery scarlet inside, outside shaded with rose—what more could one ask of any tulip? 3 for 40c, 12 for \$1.50, 100 for \$11.25.

GRENADIER. One of the most brilliant of tulips with very large flowers of dazzling orange-scarlet. It is especially adapted to bedding as the stems are not too tall. Lasts much better in partial shade. 20 inches. 3 for 40c, 12 for \$1.40, 100 for \$10.50.

G. W. LEAK. Brilliant vermilion-scarlet with light yellow base. Tall strong stems. 3 for 40c, 12 for \$1.50.

HENRI CORREVON. Of all the clean red tulips this is certainly one of the finest. Very large, tall flowers of geranium-lake or geranium-red—a beautiful clear brilliant color. The large base is white with ivory anthers. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

MAJESTIC. A group of this spectacular new tulip was the center of attraction in our plantings this year. There is no tulip much brighter than this scarlet giant when the sun causes the pointed petals to open and show the large black base. Tall strong stems. Each 60c, 3 for \$1.65, 12 for \$6.00.

MARSHALL HAIG. A magnificent variety of the clearest scarlet-red with large base of golden yellow. Large oval flowers on strong tall stems. It is a difficult question to decide whether Haig, Correvon or Leak is the best and brightest tulip. Why not try all three? 3 for 45c, 12 for \$1.65, 100 for \$12.40.

PRESIDENT HOOVER. A large long flower of orange-red—accent on the "orange"—with yellow base on a tall stem that comes very late in the tulip season. Distinct and desirable. 3 for 45c, 12 for \$1.65, 100 for \$12.40.

MIXED COTTAGE TULIPS

This mixture of Cottage tulips is especially bright and cheerful. It contains a large number of splendid varieties mostly in shades of red, pink, yellow and white. The flowers are graceful and attractive and especially desirable for cutting. Top size bulbs, 12 for \$1.35, 100 for \$10.00. Large first size (11-12 cms), 12 for \$1.10, 100 for \$8.00.

RED DARWIN

CHARLES NEEDHAM. Certainly this is one of the finest of all the red tulips. The color is enchanting—clear intense vermilion. Large cup-shaped flowers on strong stems of jade green. 3 for 45c, 12 for \$1.60, 100 for \$12.00.

CITY OF HAARLEM. A fine reliable cardinal red tulip. Large cup-shaped flowers with blue base and white ring. Strong stem and good substance. Beautiful when carpeted with white violas or arabis. 30 inches. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

ADVANCE

ZWANENBURG

in RED and WHITE

The bulbs ordered from you last year gave me more pleasure than anything I have ever grown since coming to Calif.

Mrs. E. L. L., San Diego, Calif.

ECLIPSE. We consider this the best of the deep red tulips and one of the finest in any color. Very large flowers of glowing deep crimson that last unusually well. A tall, strong growing tulip. 3 for 45c, 12 for \$1.60, 100 for \$12.00.

FARNCOMBE SANDERS. This old variety is still a great favorite. Large flower of perfect shape colored bright rose-scarlet with white base. It is splendid for mass effects against ever-greens. 3 for 40c, 12 for \$1.40, 100 for \$10.50.

GLORIA SWANSON. Enormous cup-shaped flowers of deep carmine with blue base. Very strong stem and strong grower. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

KING GEORGE V. Brilliant cherry-red flowers of largest size on strong tall stems. Altogether it is one of the finest tulips. 3 for 45c, 12 for \$1.60, 100 for \$12.00.

KING HAROLD. Splendid large substantial flowers of deep crimson-maroon. An attractive and dependable variety. 3 for 40c, 12 for \$1.40, 100 for \$10.50.

MARGAUX. Quite distinct in coloring from any other tulip—deep wine-red shaded light wine-red at the edges, fine blue base. 3 for 45c, 12 for \$1.65.

PRIDE OF HAARLEM. The demand for this fine old variety continues strong in spite of the introduction of dozens of new red tulips. The flowers are larger than most and the stems unusually tall. The color is rosy-carmine. 3 for 40c, 12 for \$1.40, 100 for \$10.50.

SCARLET LEADER. One of the most desirable of the bright scarlet Darwins. A flower of large size that attracts immediate attention. It would be especially gay and bright if planted with one of our superb white Darwins. 3 for 45c, 12 for \$1.60.

WHITE TULIPS

COTTAGE

ALBINO. A splendid pure white tulip of great size. Exquisite for planting in clumps in the perennial border. It flowers very early and because of the heavy substantial flower stays in bloom a long time. Unusually strong medium height stems. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

CARRARA. Pure white beautifully rounded blossoms with ivory stamens, not as large as Albino but the stems are taller and not as stiff. 3 for 40c, 12 for \$1.50.

DARWIN

DUKE OF WELLINGTON. A beautifully formed white flower with longish petals that do not open widely. Cream base and anthers. Tall strong stems. 3 for 45c, 12 for \$1.70.

GLACIER (Wildlust). Exceptionally large pure white tulip—even the base and anthers are white. The oval shaped flowers last unusually well. 3 for 50c, 12 for \$1.80, 100 for \$13.50.

MOUNT EREBUS. We tried a lot of white tulips this year and in our opinion this is the best of all. The flowers are very large—as much as four inches long—and the stems unusually tall and strong. Cream anthers. 3 for 45c, 12 for \$1.70, 100 for \$12.75.

MRS. GRULLEMANS. A lovely pure white tulip with white center and sulphur anthers. Strong stem of medium height. The flowers have exceptional keeping quality. 3 for 45c, 12 for \$1.60.

WHITE GIANT. A large thick petaled flower of pure white with dark purple anthers. Tall strong stems, 3 for 45c, 12 for \$1.60.

ZWANENBURG. One of the older varieties but still one of the most satisfactory. It is early flowering, large and tall. Black anthers. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

MIXED DARWIN TULIPS

An excellent mixture made from a great many varieties in a wide range of blending colors—red, pink, lavender, white, yellow, etc. Very desirable where plantings of tall stemmed, bright colored flowers are wanted. Top size bulbs, 12 for \$1.35, 100 for \$10.00. First size bulbs, about 4½ inches around, 12 for \$1.10, 100 for \$8.00.

CHARLES NEEDHAM

CITY OF HAARLEM

GLEAMING YELLOWS and

COTTAGE

ALASKA. See Lily Flowering Flowering Tulips, pages 16-17.

AVIS KENNICOTT. Bright chrome yellow flowers with sharply contrasting black base. Long pointed petals—very attractive form. 3 for 40c, 12 for \$1.40, 100 for \$10.50.

BELLE JAUNE. Very large elongated flowers of rich Indian yellow—the deepest yellow of these Cottage tulips. It is a splendid variety with tall stems and good foliage. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

GOLDEN HARVEST. The cup-shaped blossoms are unusually large, the stems tall and strong and the whole plant shows unusual vigor. The color is bright clear lemon-yellow. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

GESNERIANA LUTEA. This is one of the older varieties but we believe that it is well worth growing. The large flowers are gracefully pointed and supported by strong stems of medium height. One of the nicest clear yellows for cutting. Delightfully fragrant. Top size bulbs, 3 for 40c, 12 for \$1.40, 100 for \$10.50. First size bulbs, 12 for \$1.15, 100 for \$8.60.

INGLESCOMBE YELLOW. Often called the "Yellow Darwin" as it has the true Darwin shape. Large size flowers of glossy canary-yellow on good stems of medium length. Flowers splendidly from first size bulbs. 12 for \$1.10, 100 for \$8.00.

JEANNE DESOR. A cheerful appearing tulip that opens near the end of the season when many of the others are fading. The deep yellow flowers are bordered with bright red along the upper edges of the tall petals. Unusually tall strong stems. 3 for 45c, 12 for \$1.60.

MRS. JOHN T. SCHEEPERS. For all around quality this is probably the best yellow Cottage tulip. The flowers are of largest size, of a beautiful elongated form, colored deep golden yellow. The stems are thick and sturdy. 3 for 40c, 12 for \$1.50.

DARWIN

GOLDEN AGE. A beautiful two-toned tulip of deep golden yellow with a broad band of bright golden orange at the edges of the petals. We think it is one of the finest of the yellow tulips. 3 for 40c, 12 for \$1.50.

HELEN GAHAGEN. A lovely, very light yellow tulip that becomes creamy-white when fully developed. The flowers have an attractive elongated form and are large, tall and good in all respects. 3 for 40c, 12 for \$1.50.

NIPHETOS. Another outstanding soft creamy-white tulip of the very highest rating in beauty and quality. On one of our farms this variety was better than Helen Gahagen, on the other the reverse was true. We will have to leave the decision to you as to which is better. 3 for 45c, 12 for \$1.60.

SUNKIST. Dark rich gold unmarked by any other color. Long lasting flowers of beautiful shape on strong stems of medium height. One of our special favorites this year. 3 for 45c, 12 for \$1.60.

YELLOW GIANT. Large cup-shaped flowers of rich golden yellow, sometimes tinted bronze at the tip of the petals. Unusually tall stems. 3 for 40c, 12 for \$1.40, 100 for \$10.50.

A Dozen Notable Breeder Tulips

These tulips are put in a separate class because of their coloring. It is a rich blending of purple, bronze, brown, reddish-orange, terra cotta, etc. Mostly the flowers are two toned or shaded and not many are self-colors. In height and size they compare with the best Darwins and flower at the same time.

ADMIRAL TROMP. A splendid variety. The large flowers are salmon-orange with an undertone of violet and beautifully shaded with golden bronze toward the edges. 3 for 45c, 12 for \$1.60.

BACCHUS. Deep rich violet-blue powdered with a silvery dust—like the bloom on purple grapes. Large oval flower that does not open widely. 30-inch stems. 3 for 45c, 12 for \$1.65.

GOLDEN AGE

DILLENBURG

INGLESCOMBE
YELLOW

BURNISHED BRONZE

BRONZE QUEEN. A beautiful light bronze tulip of largest size as shown in the foreground of our front cover. Vigorous grower with strong, tall stems. The inside of the big cup is golden bronze, the outside is tinged with a suggestion of violet. Top size bulbs, 3 for 40c, 12 for \$1.40, 100 for \$10.50. First size bulbs, 12 for \$1.10, 100 for \$8.00.

CHERBOURG. A rare beauty among the light golden bronze varieties. Tremendous cup-shaped flowers of golden yellow shaded bronze and faintly flushed lilac. Very tall. 3 for 50c, 12 for \$1.80.

CRUSADER. The large flowers are beautiful bronzy blue shaded gold. Tall sturdy stems. 3 for 45c, 12 for \$1.65.

DILLENBURG. A very bright and attractive Breeder of glowing salmon-orange shaded with yellow at the edge. Large well formed flowers of good substance. One of the very late tulips that are so desirable as the season nears its end. 3 for 40c, 12 for \$1.50.

GEORGE GRAPPE. This was one of the largest and tallest tulips in our entire plantings this year. The enormous soft lavender-blue flowers open in the sun to show a striking large blue base. 3 for 45c, 12 for \$1.60.

INDIAN CHIEF (Meyerbeer). Year after year this is one of the best tulips in our plantings. It is very tall and handsome with a distinct coloring all its own—Indian brown with a slight touch of purple, flushed coppery-brown, with a metallic sheen. 3 for 45c, 12 for \$1.65.

J. J. BOWMAN. Light mahogany-red with claret flush, tinted yellowish bronze at the edges. Interior red-bronze with yellow base. Exceptional size and substance. 30 inches. 3 for 50c, 12 for \$1.90.

LOUIS XIV. This variety well deserves its great popularity. Large rich appearing flowers of dark blue-violet with a margin of golden bronze. 34 inches. 3 for 45c, 12 for \$1.65.

SUNBEAM (Reve d'Or). A very fine golden bronze Breeder. Large flowers of orange yellow with bronze overtones edged golden yellow. Becomes more beautiful as it ages. 27 inches. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

VELVET KING. Dark glossy royal purple flowers of especially heavy substance. Cup-shaped flowers of large size. Stems tall and strong. 3 for 45c, 12 for \$1.70.

MIXED BREEDER TULIPS. The Breeder tulips with their rich colorings blend together to make an unusually fine mixture. The varieties above and many others are included. Top size bulbs, 12 for \$1.45, 25 for \$2.80, 100 for \$10.85.

SUNBEAM

BREEDER TULIP COLLECTION

The 12 select named varieties described above plus one of our choice, and it will be a good one too. This would make a very beautiful and instructive planting. The best way to get acquainted with the varieties is to grow them yourself.

DUTCH IRIS

The Iris Grown From Bulbs

DUTCH IRIS

The popularity of the bulbous iris (Dutch, Spanish and English) increases each year as more people learn of the great beauty and ease of culture of these bulbs. Because of their beautiful harmonious colors and long lasting qualities they are unexcelled among the bulb flowers for either garden or cut flowers. By proper choice of varieties one can spread the blooming period over two months or more. The season starts with Wedgwood during the Darwin Tulip season and ends with the English Iris in June.

A. BLOEMAARD. One of the earliest of the Dutch irises. Large flower with dark purplish blue standards, deep blue falls with narrow orange stripe. 12 for 80c, 100 for \$6.00.

BLUE HORIZON (S. de Vlieger). Very beautiful light blue iris of large size. Good stem and foliage. The very broad and strong falls are soft sky blue. 12 for 90c, 100 for \$6.75.

CAJANUS (Spanish Iris). A splendid tall graceful canary yellow iris—one of the most beautiful of all yellow irises. Later flowering than the Dutch Iris. 12 for \$1.00, 100 for \$7.50.

D. HARING (White Glory). A splendid tall vigorous white iris. One of the finest and most dependable varieties in the list. The large flowers are pure white except for the narrow yellow mark on the falls and a faint tinge of lavender in the standards when it first opens. 12 for \$1.00, 100 for \$7.50.

GOLDEN HARVEST. A magnificent new variety. Tall and strong growing. Large flowers with dark yellow falls shaded orange at the midrib, lighter yellow standards and interior. 3 for 40c, 12 for \$1.50.

HUCHTENBURG. A tall growing iris of large size and attractive coloring. The falls are deep yellow and the uprights are very pale blue passing to white. 12 for \$1.00, 100 for \$7.50.

IMPERATOR (Filifolia). Later blooming than the true Dutch irises, connecting them with the Spanish. Deep blue standards and falls. Large, free flowering and a vigorous grower. 12 for 80c, 100 for \$6.00.

INDIAN CHIEF (W. Verschuur). An interesting and attractive novelty providing an unusual shade in the Dutch Irises. The falls are yellowish bronze, standards light violet shaded bronze. 12 for \$1.25.

MORNING MIST (Jan Weenix). A beautiful Iris of the lightest blue. Both standards and falls are light lavender-blue. 12 for \$1.00, 100 for \$7.50.

THERESE VAN DUILL SCHWARTZE. A tall and graceful iris that makes an especially attractive cut flower. The standards are pale cornflower blue, falls pure white with narrow orange stripe. 12 for \$1.00, 100 for \$7.50.

VIOLET QUEEN (W. Zuiderveld). The coloring of this iris is quite unique and difficult to describe—perhaps light violet-lilac gives some idea of the unusual shade. A large strong growing variety. 12 for \$1.00, 100 for \$7.50.

WEDGWOOD (Tingitana Hybrid). A very early type, flowering fully two weeks before the regular Dutch Iris. The flowers are light wedgwood blue and are large in size and carried on strong stems. 12 for \$1.00, 100 for \$7.50.

WHITE EXCELSIOR. Large pure white flowers of very good form and substance. Medium height. Early. 12 for \$1.00, 100 for \$7.50.

WHITE SUPERIOR. A new superb variety. Very large flower of pure white marked with a sulphur yellow stripe. Tall and strong growing. 3 for 40c, 12 for \$1.50.

YELLOW QUEEN. Clear golden yellow flowers on tall slender stems. Very effective for a splash of clear yellow in the garden and also a splendid cut flower. 12 for 80c, 100 for \$6.00.

MIXED DUTCH IRIS. A choice mixture made up from the varieties listed above in a wide range of colors. 12 for 70c, 100 for \$5.00.

Special Collection of Dutch Iris

Four splendid distinct varieties are used to make up this collection—one each of dark blue, light blue, yellow and white. Large strong bulbs are chosen and each kind marked with the variety name. This is a good collection, especially recommended for those who have not tried Dutch Iris before.

6 each, 4 varieties, 24 bulbs.....	\$1.70
12 each, 4 varieties, 48 bulbs.....	3.20
25 each, 4 varieties, 100 bulbs.....	6.00

ENGLISH IRIS

The English Iris are among the most beautiful of all irises. The shades of color are most delightful. They have larger flowers with wider falls than the Dutch Iris and bloom just after that type has finished blossoming. The foliage is deep green, long and slender. Plant in early fall in any good garden soil where they will have a plentiful supply of moisture. Not recommended for Southern California and the Southern States.

CATTLEYA. An especially beautiful iris having large well-shaped orchid-colored flowers. Delightful in the garden or as cut flower. 3 for 40c, 12 for \$1.50.

MIXED ENGLISH IRIS. This is a very fine mixture, containing a wide selection of the beautiful colors that make the English Iris so much in demand. Strong, healthy bulbs. 12 for \$1.25, 100 for \$9.25.

ENGLISH IRIS

IRIS RETICULATA

A charming dwarf iris that should be widely planted. It is extremely early, flowering with the crocuses. The color is rich violet-blue with a bright golden mark on the falls. Sweet violet fragrance. Height six to eight inches. 3 for 50c, 12 for \$1.50.

HYACINTHS *for Beauty and Fragrance*

No other spring bulb provides delightful color and alluring fragrance in such quantity. And we do not believe that you can obtain better bulbs or choicer varieties than those we offer here. The list is chosen with extreme care to provide varieties with large bells of the most desirable shades on strong spikes.

Our exhibition size bulbs (19 cms. and up) will give you the largest and finest spikes that it is possible to obtain. With no special treatment we had this year spikes 18 inches high with clusters nine inches long. Usually this size produces one or more smaller spikes that come later than the main spike.

The bedding size (15-16 cms.) is an excellent grade for planting in beds or borders as the spikes are not so heavy and stand up better in bad weather.

WHITE

ARENTE ARENSEN (Albatross). Long spikes of glistening snowy-white. The large wide-open florets have unusually thick texture. Early.

L'INNOCENCE. This is still one of the most satisfactory pure white hyacinths for all purposes. The bells are large and well placed on the strong stem.

PINK

IMPERATOR. Pleasing pure rose shading deeper to the center of the bells.

LADY DERBY. Beautiful light rose-pink. Large florets of good substance not too closely packed on the tall stem.

LA VICTOIRE. Bright deep carn'ne-rose. A very early variety of striking color. It forces easily either in water or soil.

PRINCESS MARGARET. Large perfectly formed truss with distinctive open bells of clear soft pink. A little deeper in color than Lady Derby.

QUEEN OF THE PINKS. Compact spikes of deep rose-pink. Late blooming.

BLUE

BLUE DANUBE. An enchanting shade of glistening azure-blue. Tall, well formed spike. A choice new variety.

DUKE OF WESTMINSTER. Large deep purple-blue bells with white centers on strong stems. We think this is the most beautiful of the dark blue varieties.

GRAND MAITRE. The standard medium blue Hyacinth. Large strong spikes of deep lavender blue. Excellent for bedding or forcing.

INDIGO KING. Quite the darkest of the list. Deep violet-purple florets on a stem that stands up well. Spicy fragrance.

MYOSOTIS. A soft but distinct forget-me-not blue of breath-taking loveliness. Tall spike with large well placed bells. It makes a glorious combination with Lady Derby or Princess Margaret and a Leedsii daffodil such as Silver Star.

YELLOW

CITY OF HAARLEM. The standard yellow Hyacinth. Tall stems bearing large well-filled trusses that open deep yellow, later turning pale yellow.

DAYLIGHT. A new variety of distinct orange-yellow with light center.

LILAC

KING OF THE LILACS (Syringa). Fine tall spikes of true lilac color. An attractive novelty.

Prices of the above, separate varieties:

EXHIBITION SIZE (19 cms and up). Each 45c, 3 (one variety) \$1.25, 12 (one variety) \$4.50.

BEDDING SIZE (15-16 cms). Each 25c, 3 (one variety) 70c, 12 (one variety) \$2.40, 100 (one variety) \$18.00.

HYACINTH COLLECTION

3 each of the above 15 varieties (45 bulbs): Exhibition size \$17.80, Bedding size \$9.75.

5 each (75 bulbs): Exhibition size \$28.10, Bedding size, \$15.00.

10 each (150 bulbs): Exhibition size \$53.45, Bedding size \$28.50.

CONLEY'S MIXED HYACINTHS

A beautiful mixture containing all the different colors listed above. Same high quality bulbs as the separate varieties:

Exhibition size (19 cms and up): 3 for \$1.20, 12 for \$4.35, 100 for \$32.65.

Bedding size: 3 for 70c, 12 for \$2.35, 100 for \$17.50.

DOUBLE HYACINTHS

This is an intriguing type of hyacinth, only rarely offered for sale. The florets have a multiplicity of petals that give them the appearance of little pointed camellias. The bells are rather widely spaced giving the spikes a graceful appearance.

CHESTNUTFLOWER. The best pink. Large bells of clear rose-pink on a tall stem. Very beautiful. Prices same as for single hyacinths.

GARRICK. Bright wedgwood blue. The best of the double blues. Prices same as for single hyacinths.

BEN NEVIS. New. The best double white. Very large truss loosely set with exquisite large florets. Bedding size, each 30c, 3 for 80c, 12 for \$3.00. Exhibition size, each 60c, 3 for \$1.65, 12 for \$6.00.

COLLECTION OF DOUBLE HYACINTHS

We feel confident that you will be delighted with this little group.

3 each (9 bulbs):

Exhibition size \$3.95, Bedding size \$2.10.

5 each (15 bulbs):

Exhibition size \$6.30, Bedding size \$3.30.

10 each (30 bulbs):

Exhibition size \$11.90, Bedding size \$6.20.

LA VICTOIRE

The Harbingers of Spring

GALANTHUS NIVALIS (Single Snowdrop)

The lovely nodding white blossoms with their green tips are usually the first of the early spring flowers. In fact, they often start blooming with us in December. This variety is very hardy and free flowering and when established remains a lifetime. 12 for 85c, 100 for \$6.35.

LEUCOJUM AESTIVUM (Snowflake)

Delightful white flowers with green tips somewhat like the snowdrops but much taller and later flowering. When established they produce numerous spikes bearing three or four florets that are very nice for cutting. The bulb is similar to a small narcissus bulb and the culture is the same as for narcissi. 12 for \$1.20, 100 for \$9.00.

LEUCOJUM, SNOWFLAKE

CROCUS SPECIES FOR EARLIEST FLOWERS

These charming little flowers are very early—often flowering with the snowdrops weeks ahead of the large flowering crocuses. What they lack in size they make up in quantity, being very free flowering.

CHRYSANTHUS SNOWBUNTING. Very early pure white. 12 for 60c, 100 for \$4.50.

SIEBERI. Clear lilac with deep golden center. Charming for growing in bowls. 12 for 50c, 100 for \$3.75.

SUSIANUS. Deep golden yellow veined on the outside with brownish-purple. Especially recommended for naturalizing. 12 for 50c, 100 for \$3.50.

TOMMASSIANUS WHITEWELL PURPLE. Deep purple. Produces masses of attractive flowers in late winter. Highly recommended. 12 for 50c, 100 for \$3.50.

VERSICOLOR (Cloth of Silver). Pretty little white flowers penciled on the outside with purple. Fragrant. 12 for 50c, 100 for \$3.50.

COLLECTION OF CROCUS SPECIES

The five above varieties to provide a wealth of flowers in earliest spring.

12 each (60 bulbs) \$2.35, 25 each (125 bulbs) \$4.50, 100 each (500 bulbs) \$17.25.

MUSCARI

HEAVENLY BLUE. A splendid variety for mass planting as it increases rapidly. Each bulb produces several spikes of bloom in succession. The color is a bright deep blue. Standard size. 12 for 50c, 100 for \$3.75. Large bulbs, 12 for 60c, 100 for \$4.50.

EARLY GIANT. An extra good variety bearing large spikes of deep cobalt blue. 12 for 60c, 100 for \$4.50.

BOTRIOIDES ALBUS ("Pearls of Spain"). Charming little clusters of pure white pearls. Attractive alone or planted with the blue varieties. 12 for 70c, 100 for \$5.00.

CROCUSES

LARGE FLOWERING CROCUSES MIXED

A choice mixture made up from splendid named varieties in a wide color range. Largest size bulbs, 12 for 50c, 100 for \$3.50. Good blooming size bulbs, 17 for 50c, 100 for \$2.60.

Large Flowering Varieties

GOLDEN YELLOW. Rich yellow blossoms of good size borne in lavish profusion. Our top size bulbs make up to 15 blooms per bulb. 12 for 60c, 100 for \$4.00.

KATHLEEN PARLOW. Very large pure white with conspicuous orange anthers. 12 for 50c, 100 for \$3.50.

PURPUREA GRANDIFLORA. Deep glossy purple. Extra large flowers of unusually heavy substance. 12 for 60c, 100 for \$4.00.

QUEEN OF THE BLUES. Pure lilac-blue. The best of the light blue varieties. 12 for 50c, 100 for \$3.50.

STRIPED BEAUTY. Large flowers of dark mauve with white stripes. 12 for 50c, 100 for \$3.50.

COLLECTION OF LARGE FLOWERING CROCUSES

12 each of the five named varieties (60 bulbs) for \$2.50.

25 each (125 bulbs) for \$4.70, 100 each (500 bulbs) for \$17.50.

TRITELEIA, SPRING STAR FLOWER

YELLOW CROCUS

SCILLA
SIBIRICA

MISCELLANEOUS BULBS *for Rock Garden or Border*

CHIONODOXA (Glory of the Snow)

One of the loveliest little flowers of the very early spring. Each bulb produces several spikes bearing about a dozen charming little florets. The bulbs are best planted where they are to remain as they increase rapidly and form attractive groups.

LUCILIAE. Delightful little flowers of bright blue with white centers. 12 for 50c, 100 for \$3.50.

LUCILIAE ALBA. The pure white form. Charming. 12 for 65c, 100 for \$4.90.

LUCILIAE ROSEA. Beautiful rose pink. A rare form that is a jewel for the rock garden. 12 for 75c, 100 for \$5.60.

THREE COLORS OF CHIONODOXA. 12 each (36 bulbs) for \$1.75.

ERANTHIS HYEMALIS (Winter Aconite)

These cheerful golden flowers appear very early in the spring, usually before the crocuses. The little golden cups, wearing frilled green collars, are on three-inch stems. Plant only two inches deep. They often increase from self-sown seed. 12 for 50c, 100 for \$3.50.

FRITILLARIA MELEAGRIS

MIXED. The guinea hen flower. Curious little bell-shaped flowers that are variously checkered and mottled with shades of purple on a white or yellowish ground. Plant about six inches deep in full sun or partial shade. 12 for 50c, 100 for \$3.50.

SPARAXIS

TECOLOTE HYBRIDS. The highly colored blossoms with their vividly contrasting centers make a very effective display. Most of the flowers are shades of red, orange and salmon with centers of black, violet, or yellow. Others have no markings. Plant in fall or early winter, 3 inches deep, in full sun. Give some protection in very cold weather. 12 for 70c, 100 for \$5.00.

IXIOLIRION Pallasi (Siberian Bluebell)

We are pleased to be able to again offer this splendid hardy bulb. In May or June it bears umbels of deep violet-blue flowers on 10-inch stems. The flowers are unusually long lasting. Easily grown in any good soil, preferably in a sunny location. 12 for 90c, 100 for \$6.75.

SCILLAS

The scillas are most satisfactory bulbs for naturalizing and borders. They thrive in woodland or full sun and increase in beauty from year to year. The campanulata (hispanica) varieties have erect stems 10 to 12 inches high—higher in rich shady places.

LA GRANDESSE. Pure white. An excellent tall growing variety with large bells. The spikes somewhat resemble Lily of the Valley. 12 for 50c, 100 for \$3.50.

BLUE QUEEN. A fine porcelain blue with large flowers. 12 for 50c, 100 for \$3.50.

ROSE QUEEN. Soft rose pink flowers that are especially attractive. 12 for 50c, 100 for \$3.50.

CAMPANULATA EXCELSIOR. A tall vigorous plant with much larger flowers and stronger stems than any of the other varieties. The large bell-shaped florets are a delightful shade of lavender blue. It is a lovely companion for the later yellow tulips. 12 for 60c, 100 for \$4.50.

CAMPANULATA MIXED. Excellent mixture of all colors. 12 for 50c, 100 for \$3.50.

SCILLA SIBERICA. A very early little flower with the most enchanting bright blue color. Several bell-shaped flowers on stems 3 to 4 inches high. 12 for 75c, 100 for \$5.50.

SCILLA SIBERICA SPRING BEAUTY. The flowers are about twice as tall and large as the regular type. The same wonderful blue coloring. 12 for 85c, 100 for \$6.40.

TRITELEIA UNIFLORA VIOLACEA (Spring Star Flower). Each 3-inch stem bears a single pale blue flower with white center. Delightfully fragrant. Excellent in the rockery or under trees and shrubs. The bulbs increase rapidly and soon carpet the ground. 12 for 70c, 100 for \$5.00.

IXIOLIRION

SCILLA CAMPANULATA

CROCUS

GALANTHUS, SNOWDROPS

WEST COAST NATIVES

ERYTHRONIUMS

Among the bulb flowers there are few so charming as these natives of the Pacific Coast mountains and valleys. Not only are the flowers beautiful but the richly mottled foliage is attractive, also. They like partial shade and a soil rich in leafmold. Plant the bulbs as promptly as possible, cover them about three inches deep.

HELENÆ (Californicum Bicolor). The outer half of the petals is pure white, the central part golden yellow. Fragrant. The bulbs increase rapidly. 12 for 80c.

HENDERSONII. Beautiful deep lavender flowers with a zone of creamy white and a deep maroon base. Easily grown. 12 for 85c.

OREGONUM (Giganteum). Large flowers of creamy-white banded toward the center with maroon. Branching stems about a foot high. Leaves strikingly mottled with dark brown. 12 for 90c.

REVOLUTUM LILAC-PINK BEAUTY. Lovely soft lavender-pink flowers. The stems are long and carry from one to four of the beautifully tinted large blossoms. 12 for \$1.35.

MIXED ERYTHRONIUMS. An excellent mixture of the different types and colors. 12 for 80c, 100 for \$6.00.

BRODIAEAS

FINEST FORMULA MIXED. The Brodiaeas have numerous florets in large clusters or umbels on slender but strong stems. The blossoms are very long lasting. This is a splendid assortment of the different types and colors including white, yellow and several types of blues. 12 for 60c.

CALOCHORTI

MARIPOSA OR BUTTERFLY TULIPS MIXED. The name is derived from the fancied resemblance of the petals with their large eye and markings to butterfly wings. These calochorti are of easy culture. They are not particular as to soil but must have full sun, good drainage and be allowed to remain entirely dry after ripening off. This is a splendid mixture of several different varieties. 12 for 75c, 100 for \$5.50.

MIXED GLOBE, STAR AND MARIPOSA TULIPS. A choice mixture showing the wide variety of forms of the beautiful Calochorti. The star tulips are also called cat's ears. 12 for 75c, 100 for \$5.50.

ERYTHRONIUMS

BABY GLADIOLUS

Charming slender growing gladioli that are delightful cut flowers and attractive for garden decoration. The bulbs must be planted in the fall or early winter. They are grown out of doors here on the Pacific Coast and in other mild parts of the country. Where the winters are severe they could be grown beautifully in a cool greenhouse. Flowering time is May or June.

NYMPH. We consider this the finest of all the varieties. Rather tall growing with long spikes of large white flowers marked with crimson in the throat. 12 for \$1.40, 100 for \$10.50.

PEACH BLOSSOM. Graceful spikes of exquisite soft pink. Free flowering. 12 for \$1.10, 100 for \$8.25.

SPITFIRE. The hardiest and most vigorous of the baby glads. Splendid spikes of brilliant salmon red. Highly recommended. 12 for \$1.10, 100 for \$8.25.

FREESIAS---Tecolote Hybrids

These freesias are much superior to the older varieties. The flowers are larger, the stems longer and stronger and the plants more vigorous. The flowers often measure more than 2½ inches across and have beautiful clear colors and delightful fragrance. Freesias can be forced easily in a cool greenhouse or even in a sunny window. The bulbs should be potted early and left outdoors until danger of freezing.

MARIE (Pat. No. 609). A new white freesia, praised highly wherever it was tried. Immense flowers on plants of great vigor. The stems are tall and unusually strong. 12 for \$1.20.

TALISMAN (Pat. No. 555). Bright orange-pink with rich cream throat. Strong stems of medium height. Early. 12 for 80c.

TECOLOTE HYBRIDS MIXED. A splendid mixture containing the different shades of these new hybrids in yellow, red, blue, pink and white. Vastly superior to ordinary mixed freesias. 12 for 75c, 100 for \$5.50.

THE BRIDE. A distinct slender tall growing sort with lovely pure white flowers. 12 for \$1.25, 100 for \$9.35.

MIXED BABY GLADS. An excellent mixture containing the varieties described above and several other beautiful kinds. 12 for \$1.10, 100 for \$8.00.

BABY GLADIOLUS COLLECTION

The four beautiful named varieties listed above. A more charming group would be hard to find.

6 bulbs each (24 bulbs) \$2.35
12 bulbs each (48 bulbs) \$4.60

The Baby Glads I ordered last year were beautiful and one of the most unusual flowers in my garden.

Mrs. E. S., Tyler, Texas.

BABY GLADIOLUS

FREESIAS
TECOLOTE
HYBRIDS

RANUNCULUS

In none of the bulbs is there greater difference in quality of the different strains. We believe that exacting selection and expert growing has made these Tecolote Giants the best strain on the market. If given a decent chance the flowers will be of the largest size, fully double and the stems tall and strong.

TECOLOTE GIANTS MIXED. Superb colorings—shades of red, pink, orange and yellow and pure white.

Top Size. The supply of this size is limited. 12 for \$1.20, 100 for \$9.00.

First Size. The standard size. If growing conditions are at all favorable this size makes a magnificent display. It gives more flowers per dollar than the Top Size roots. 12 for 75c, 100 for \$5.65.

Second Size. The flowers will be of the same high quality but not as many per plant. 12 for 50c, 100 for \$3.75.

GOLDEN YELLOW. Splendid large double flowers of brilliant golden yellow. One of the finest ranunculi. 12 for \$1.00, 100 for \$7.50.

ORANGE. A selection that has attracted much attention because of the brilliance of the color. 12 for \$1.00, 100 for \$7.50.

PINK. Delightful pink flowers in many lovely shades. 12 for \$1.00, 100 for \$7.50.

RED. Brilliant shades of red from orange-red to deep crimson. 12 for \$1.00, 100 for \$7.50.

WHITE. Beautiful double white flowers often showing green shadings in the center. 12 for \$1.00, 100 for \$7.50.

RANUNCULUS

Last year I ordered and received several bulbs from your blossom farm. I was certainly pleased with all the bulbs, they were all first class bulbs.

M. F., Winchester, Ind.

ANEMONES
MONARCH
DE CAEN

ANEMONE

The anemones bring a profusion of color and brightness to the garden with small effort or expense. Each bulb may produce a dozen or more flower stems, spreading the flowering over a long period in the late winter and spring. Half-hardy but can be planted in early spring.

MONARCH DE CAEN. A strong growing strain of the single poppy anemone. Large flowers in shades of red, pink, lavender, blue and white. 12 for 75c, 100 for \$5.50.

ST. BRIGID CREAGH CASTLE. Large double flowers in appealing shades of red, pink, blue, lavender and white. Long stems and attractive deep green foliage. 12 for 90c, 100 for \$6.75.

BLUE POPPY. A beautiful strain of deep blue. Large single flowers on strong stems. 12 for 90c, 100 for \$6.75.

HIS EXCELLENCY. Vivid red flowers with a white base. Large single poppy type anemone. 12 for 90c, 100 for \$6.75.

THE BRIDE. Large single pure white. Strong and vigorous. Stamens and central boss are white, slightly tinged green. 12 for 90c, 100 for \$6.75.

RED, WHITE AND BLUE COLLECTION

12 each of the three separate colors (36 bulbs) for \$2.50

25 each (75 bulbs) for \$4.90

100 each (300 bulbs) for 18.75

BULB PLANTING SUGGESTIONS

In this short space we cannot give complete cultural instructions for all the different kinds of bulbs, but there are a few basic facts, which if understood, will enable any one to have success—most of the time. We will be glad to send a booklet on growing bulbs is you ask for it with your order.

SOIL. Nothing fancy is needed, just good garden soil reasonably well supplied with plant food. We always add V goro or similar fertilizer before spading up the ground, which should be prepared deeply, 15 inches or more. Organic manures in moderation are good if applied at least a year in advance.

MOISTURE. The bulbs should have ample moisture from the time they are planted until they ripen off. Water should never stand over the bulbs—especially important with tulips.

CUTTING FLOWERS. Naturally you want to cut many of the blossoms. That is one of the main reasons for growing the bulbs. It does little harm to the bulb if you go easy on the foliage. The plant needs its green leaves to feed the bulb for next year. Remember! The bulbs make almost all of their new bulb growth between the time of flowering and the ripening of the foliage.

SEED FORMATION. Always remove the wilted flowers or seed pods. If the bulb is allowed to form seed, it doesn't work so hard at growing bulbs for next year. This is especially true with tulips.

DIGGING TIME. Dig bulbs when the foliage is turning yellow and becoming lifeless. Do not wait until it is dry and dead. Never expose the bulbs to bright sunshine but take them immediately to a cool place out of the sun and wind.

LILIES

SUNSET
LILY

For beauty and fragrance in the summer there are no flowers to compare with the lilies. Unfortunately many people are afraid to try lilies because they think they are difficult to grow. The varieties listed below are all of easy culture and require a minimum of care.

REGAL LILY

L. SPECIOSUM RUBRUM

HENRYI. "The Orange Speciosum". Recurved blossoms of soft orange-yellow marked with green in the center. As many as 20 flowers on five- to eight-foot stems. Plant in partial shade. August flowering. Each 35c, 3 for \$1.00, 12 for \$3.50.

HUMBOLTHI. A California native that is very desirable for gardens, growing in either full sun or light shade. The strong stems are usually 4 to 5 feet high with numerous large orange flowers marked with small maroon spots. Each 75c, 3 for \$2.05, 12 for \$7.50.

LONGIFLORUM CROFT. The Croft Lily. The finest of the low growing lilies for forcing, and an excellent garden lily also. Very large pure white trumpets of heavy substance on a plant about a foot and a half high with heavy wide foliage. Each 35c, 3 for \$1.00, 12 for \$3.50.

LONGIFLORUM ESTATE. The Estate Lily. Similar to the Croft but taller and a better garden plant for most locations. Under glass it reaches a height of five feet with immense waxy white trumpets of superb quality. Each 60c, 3 for \$1.65, 12 for \$6.00.

REGALE. A most dependable and hardy trumpet lily which is worthy of a place in any garden. The large recurving trumpets are white shading to yellow in the throat. The ribs on the outside are brown. It is very floriferous and when established bears up to two dozen flowers. Strong Medium size bulbs (6-7 inches), Each 25c, 3 for 70c, 12 for \$2.50. Extra large bulbs (9-10 inches), Each 50c, 3 for \$1.40, 12 for \$5.00.

SPECIOSUM RUBRUM. We are offering two splendid strains developed by Oregon Growers. These strains are free from mosaic disease that causes so much trouble and loss with the older types and imported bulbs. Both strain are strong vigorous-growing and free flowering.

Elkton Strain. Of the rubrum type with large six-petaled flowers of deep bright pink. Each \$1.00, 3 for \$2.75, 12 for \$10.00.

Oregon Giants. A magnificent form of Speciosum similar in color to the Elkton lily but considerably larger. It is earlier flowering, thus greatly lengthening the season for this beautiful variety. Each \$1.00, 3 for \$2.75, 12 for \$10.00.

SUNSET LILY (L. pardalinum Giganteum). A very popular lily of brilliant coloring and vigorous growth. When established the strong stems are five to seven feet high with as many as 40 flowers. The outer part of the recurved flower is bright scarlet, the center is chrome yellow dotted maroon. It grows well in almost any soil and under a wide variety of conditions but should have an ample supply of moisture during the growing season. Each 30c, 3 for 80c, 12 for \$3.00.

HARDY GARDEN LILIES

AURELIAN HYBRIDS. These exquisite lilies were developed by Yerex Bulb Farms from crosses of the beautiful hybrid lily aurelianense (Sargentiae X Henryi) with numerous other fine species. They range from white lilies of Henryi form to trumpet lilies of deep yellow and apricot with all imaginable intermediate shades. Each \$1.25, 3 for \$3.45, 12 for \$12.50.

BELLINGHAM HYBRIDS. The result of a large number of crosses of the various West Coast native lilies. Because L. Parryi was used in the crosses, many of the hybrids are pure yellow. All of them have brilliantly colored flowers and are exceptionally fine for planting in the border or woodland. Each 60c, 3 for \$1.65, 12 for \$6.00.

CANDIDUM (Madonna or St. Joseph's Lily). A tall stately lily with pure waxy white blossoms. Delicious fragrance. Early June to July flowering. Plant in early fall preferably in open sun where the ground will dry out in late summer. Does not like acid soil. Do not cover more than 2 inches. No shipments after October 1st. Strong flowering size bulbs, 40c each, 3 for \$1.10. Large bulbs, 75c each, 3 for \$2.00.

CENTIFOLIUM—OLYMPIC HYBRIDS. A very beautiful hardy garden lily characterized by extreme vigor and size, growing to height of six feet or more. The large flowers vary in shape from the typical trumpet form to the widely opened bowl form. The color range includes creamy yellow, pinkish tones and icy green, as well as pure white. The outside is shaded with green, brown and wine tints. The flowering period extends about a month following the Regal lilies. Each 50c, 3 for \$1.35, 12 for \$4.80.

FORMOSANUM. This is a reselection of Wilson's strain chosen for tall and large flowers of heavy substance. Nearly all the long trumpet shaped flowers are pure white with greenish throat. The stems are usually from four to six feet high with up to a dozen of the pleasingly fragrant blossoms which appear in September and October. Each 30c, 3 for 85c, 12 for \$3.00.

TIGRINUM SPLENDENS. A vigorous form of the old-fashioned tiger lily. Easily grown and very hardy. Makes a brilliant display of orange blossoms in August. Each 40c, 3 for \$1.10, 12 for \$4.00.

UMBELLATUM GRANDIFLORUM. An upright flowering lily with several cup-shaped flowers of bright orange-red on strong stems of medium height. It is easily grown and increases rapidly. Each 35c, 3 for \$1.00, 12 for \$3.50.

HARDY LILY COLLECTION

Centifolium Hybrids, Formosanum, Henryi, Regale, Sunset, Tenuifolium and Umbellatum. Seven beautiful varieties that flower over a long period and show wide diversity of form and color. Healthy flowering size bulbs. 3 each (21 bulbs) for \$6.00, 6 each (42 bulbs) for \$11.50, 12 each (84 bulbs) for \$21.75.

The hyacinths I bought from you last fall are in bloom and are beautiful. These were the bedding size and every bulb is perfect. I shall certainly want more next fall. I'm just an amateur gardener and this is the first time I've planted hyacinths—so I wanted to share my enthusiasm with you.

Mrs. M. M., Lodi, Calif.

TENUIFOLIUM (Pumilium). Coral Lily. Brilliant coral-red recurving blossoms of waxy texture. As many as 20 flowers on a slender graceful stem with long narrow foliage. Very early flowering. The best lily for rock gardens. Plant 4 to 5 inches deep in light soil in full sun. Makes small bulb. Each 25c, 3 for 70c, 12 for \$2.50.

TERMS

This catalog cancels all previous prices. No orders accepted after December 1, except for Anemones and Ranunculus, if unsold, these are available until April 1. Daffodils that are quoted by the "Each" will not be available after November 1—they deserve early planting.

Please do not order less than six of a variety unless an "Each" or "3" price is given.

No C.O.D. orders please. If you are not satisfied with the bulbs send them back and we will promptly refund your money.

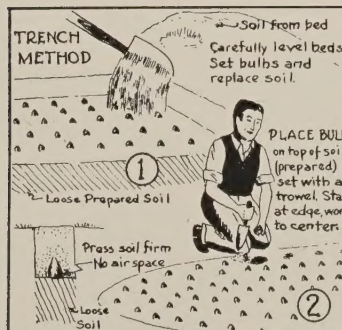

All bulbs guaranteed true to name.

The filling of your order will be simplified if you use the order blank. If a letter accompanies the order please use a separate sheet.

Please print name and address plainly.
